

Meet Harbour IT

MUTUAL SUCCESS BEGINS WITH PARTNERSHIP

Part of the Canon Group of companies, Harbour IT is a leader in cloud infrastructure and managed IT services. We deliver a comprehensive suite of services including infrastructure design and deployment, security and end-user services.

Partnering with global leaders across IT infrastructure, devices and software, some of Harbour IT's key vendor relationships include Cisco, Citrix, Hewlett Packard Enterprise, HP Inc, Lenovo, Microsoft, NetApp, Palo Alto Networks, Pure Storage, Sophos, Splunk, Veeam and VMware.

Canon and Converga customers can now benefit from these relationships, accessing a suite of managed IT and professional services delivered with Harbour IT's unparalleled customer service excellence. See overleaf for more information.

TAKE ADVANTAGE OF A COMPLIMENTARY, NO-OBLIGATION IT ASSESSMENT, EXCLUSIVELY FOR CANON AND CONVERGA CUSTOMERS.

To set up your obligation-free consultation, simply email us at: procurement@harbourit.com.au, call **1300 785 926**, or visit harbourit.com.au/procurement and fill out our contact form.

ADVANTAGES OF CHOOSING HARBOUR IT

TRUSTED BY CUSTOMERS ACROSS INDUSTRIES, INCLUDING HEALTHCARE AND FINANCE

Operating since 2001, Harbour IT is aligned to both APRA and PCI DSS regulations and requirements and prides itself on complete commitment to compliance and governance.

SEAMLESS FINANCIAL RELATIONSHIP

Leverage your existing corporate relationships with Canon and Converga to transact seamlessly with Harbour IT.

ACCESS CANON FINANCE

Because Harbour IT is part of the Canon Group, your business may be able to access highly competitive financing options through Canon Finance.

SIMPLIFY YOUR IT PROCUREMENT

From client devices like laptops and desktop PCs to your datacentre, cloud infrastructure and software, Harbour IT provides expertise and experience in IT procurement to the Australian mid-market. Trusted by businesses across industries including finance, healthcare and manufacturing, Harbour IT is known across Australia for expertise, customer service excellence and can-do approach.

Exclusive to Canon and ConvergA customers, Harbour IT is offering a no-obligation IT consultation

to analyse your current setup plus, consulting on a strategy that will help design and structure your IT to align with business goals.

Once the way forward is clearly defined, Harbour IT has the capability to procure hardware and software at competitive rates from our partner network and deploy client devices and infrastructure throughout your organisation. We can also offer ongoing support, helpdesk and infrastructure management services including cloud and hybrid cloud.

EXPERTISE & PROFESSIONALISM DELIVERED WITH CUSTOMER SERVICE EXCELLENCE

Today, technology and competitive advantage go hand-in-hand, leaving business leaders rightly concerned with the many challenges set by fast-evolving IT requirements.

Procuring and provisioning IT infrastructure and resources can be time-consuming and cost-prohibitive. That's why business leaders turn to outsourced infrastructure and managed solutions to leverage experience and expertise, saving time

and cost. This is where Harbour IT can deliver true business value.

We pride ourselves on being flexible and personable in creating specifically tailored solutions designed to help you achieve your business goals, providing the reliability and scalability your business needs. We have proudly built long-term relationships with our customers by providing the best IT service experience possible.

TAKE ADVANTAGE OF A COMPLIMENTARY, NO-OBLIGATION IT ASSESSMENT, EXCLUSIVELY FOR CANON AND CONVERGA CUSTOMERS.

Let the experts at Harbour IT help simplify your IT challenges with a complimentary IT assessment. We'll get to know your IT setup and make some recommendations on how to evolve and align your hardware, infrastructure and software to meet key business objectives.

To set up your complimentary consultation, simply email us at: procurement@harbourit.com.au, call **1300 785 926**, or visit harbourit.com.au/procurement and fill out our contact form.
